

# CAREER LAUNCHER SERIES

## Modules

- Chapter 1** Basic Concepts and Network Theorems
- Chapter 2** Magnetic Circuits
- Chapter 3** Measuring Instruments
- Chapter 4** Power Generation
- Chapter 5** Power Transmission and Distribution
- Chapter 6** Power System Protection
- Chapter 7** DC Machines
- Chapter 8** AC Fundamentals and Polyphase Circuits
- Chapter 9** AC Machines and Transformers
- Chapter 10** Utilization of Electrical Power
- Chapter 11** Basic Electronics
- Chapter 12** Control System
- Chapter 13** Power Electronics

### Every chapter contains:

- Warm Up Questions
- Questions from SSC-JE/PSU exams
- Questions from ESE (formerly IES) exams
- Questions from GATE exams
